Explanation

We are a manufacturer of screws, nuts and fasteners. Our products are supplied in transport and sales packaging including corrugated cardboard boxes, PE bags, plastic film, stretch film, and adhesive tape. This packaging is used exclusively to protect the products during storage, handling and transportation and to ensure safe logistics throughout the supply chain.

We continuously monitor the requirements of the Packaging and Packaging Waste Regulation (PPWR, Regulation (EU) 2025/40) and are implementing the applicable obligations within the legally prescribed timeframes.

Our Commitments

Gräf Verbindungsteile GmbH is committed to:

- Continuously reviewing of the packaging materials used for our products.
- Minimising packaging material while maintaining product protection and transport safety-
- Giving preference to recyclable packaging materials where technically and economically feasible.
- Working closely with our packaging suppliers to ensure compliance with applicable PPWR requirements.
- Providing product-specific packaging information and supporting documentation upon customer request.

Statement
